# Foreword

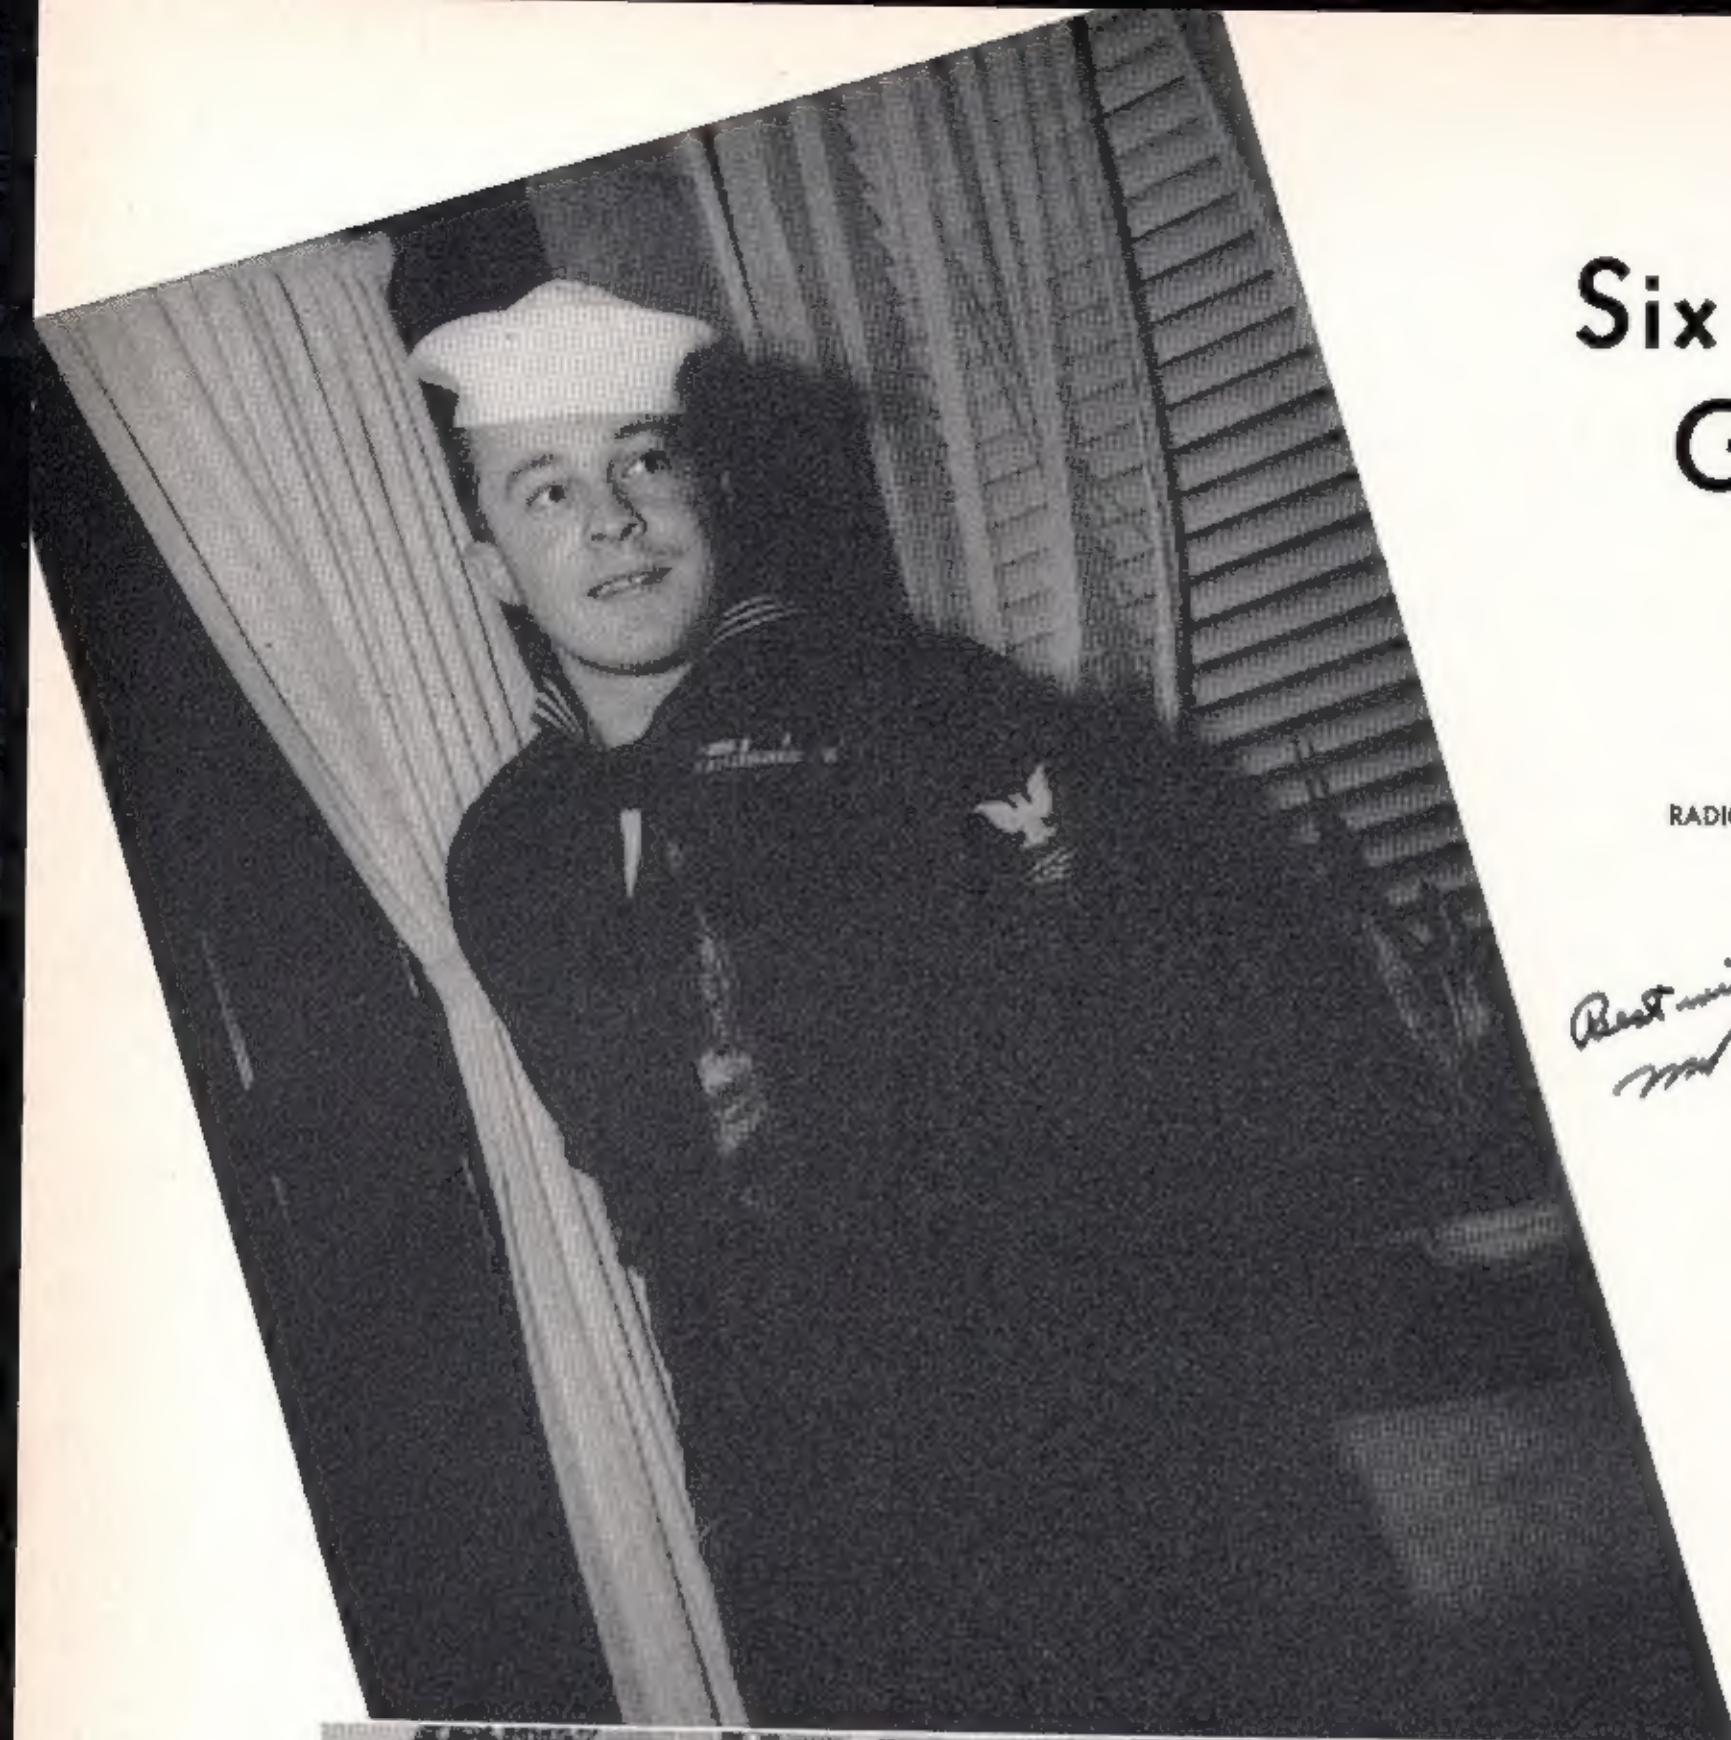

Our voyage in life is beginning at a time when the winds are variable and the sea is rugged. Uncertainty faces each of us as we leave the security and shelter of our homes and this, our Alma Mater. For four years we have been cruising together in protected waters, but we are now ready to embark on voyages of our own.

The theme of our 1953 *Unaliyi* seems especially real to us since many of our boys will soon be spending several years of their lives in the Armed Forces, some in the Navy, as did Mr. Boorse. Whether or not these will be wasted years will be up to each individual.

We have tried to capture within these pages, the companionship, the laughter, the accomplishments, and the struggles of the past four years. All the facts and figures we have learned here may not remain with us, but we will never forget the guidance and counsel provided by the faculty and administration in their efforts to make us better citizens of tomorrow.

Shall we now launch our cruiser, the U. S. S. *Unaliyi*, with a cargo of happy memories of our four years together before we begin our longer and more serious journey into the future?

# Dedication

We, the graduating class of 1953, are extremely proud to dedicate this issue of the *Unaliyi* to the U. S. Navy and to all the S. H. S. alumni and faculty who have served in this branch of the Armed Forces, and especially to Mr. William Boorse.

Skipper Boorse will be remembered by us in many ways as we look back over our senior year:

Football season '53—a season of history creating scores and excitement for all loyal S. H. S. rooters—with Mr. Boorse as our capable assistant coach.

P. O. D. and Economics classes '53—interesting discussions, heated arguments, and those surprise "Quicky Quizzes" that made us want to ship him back to sea.

Senior Class Activities '53—the job of advisor to the senior class has many problems and difficulties, but Skipper Boorse handled these with much ease and in his own good-natured fashion.

Not only once, but twice, Mr. Boorse served in the U. S. Navy, and now he's home with his wife and charming little daughter, Betty Ann; he's back at S. H. S. teaching, too, and we hope that he makes this his port for a long time to come.

## Greetings, Class of 1953

Life is what we make it. To succeed requires work and everything we do adds to our experience. Ours is a country of free enterprise. The prudent, penniless beginner labors for wages for awhile, saves a surplus then buys tools or land and hires another beginner to help him. This is the just, generous, and prosperous system which opens the way to all, gives hope to all, and consequently energy, progress, and improvement.

It provides you, Class of '53, countless opportunities to succeed. To use them and cherish them will help those who follow you to enjoy the same privileges. It has been your priceless heritage in our great democracy.

Congratulations and best wishes to each of you for the future. Your school, community, and nation need your loyal support in the years to come.

## LAYING THE KEEL

As the keel is the foundation upon which a ship is built, so is the elementary education of a child the foundation for his later learning. Unless the keel is built solidly and laid straight the ship will founder. So it is with the progress of the individual. Unless his knowledge of the fundamental processes is complete his high school work will suffer.

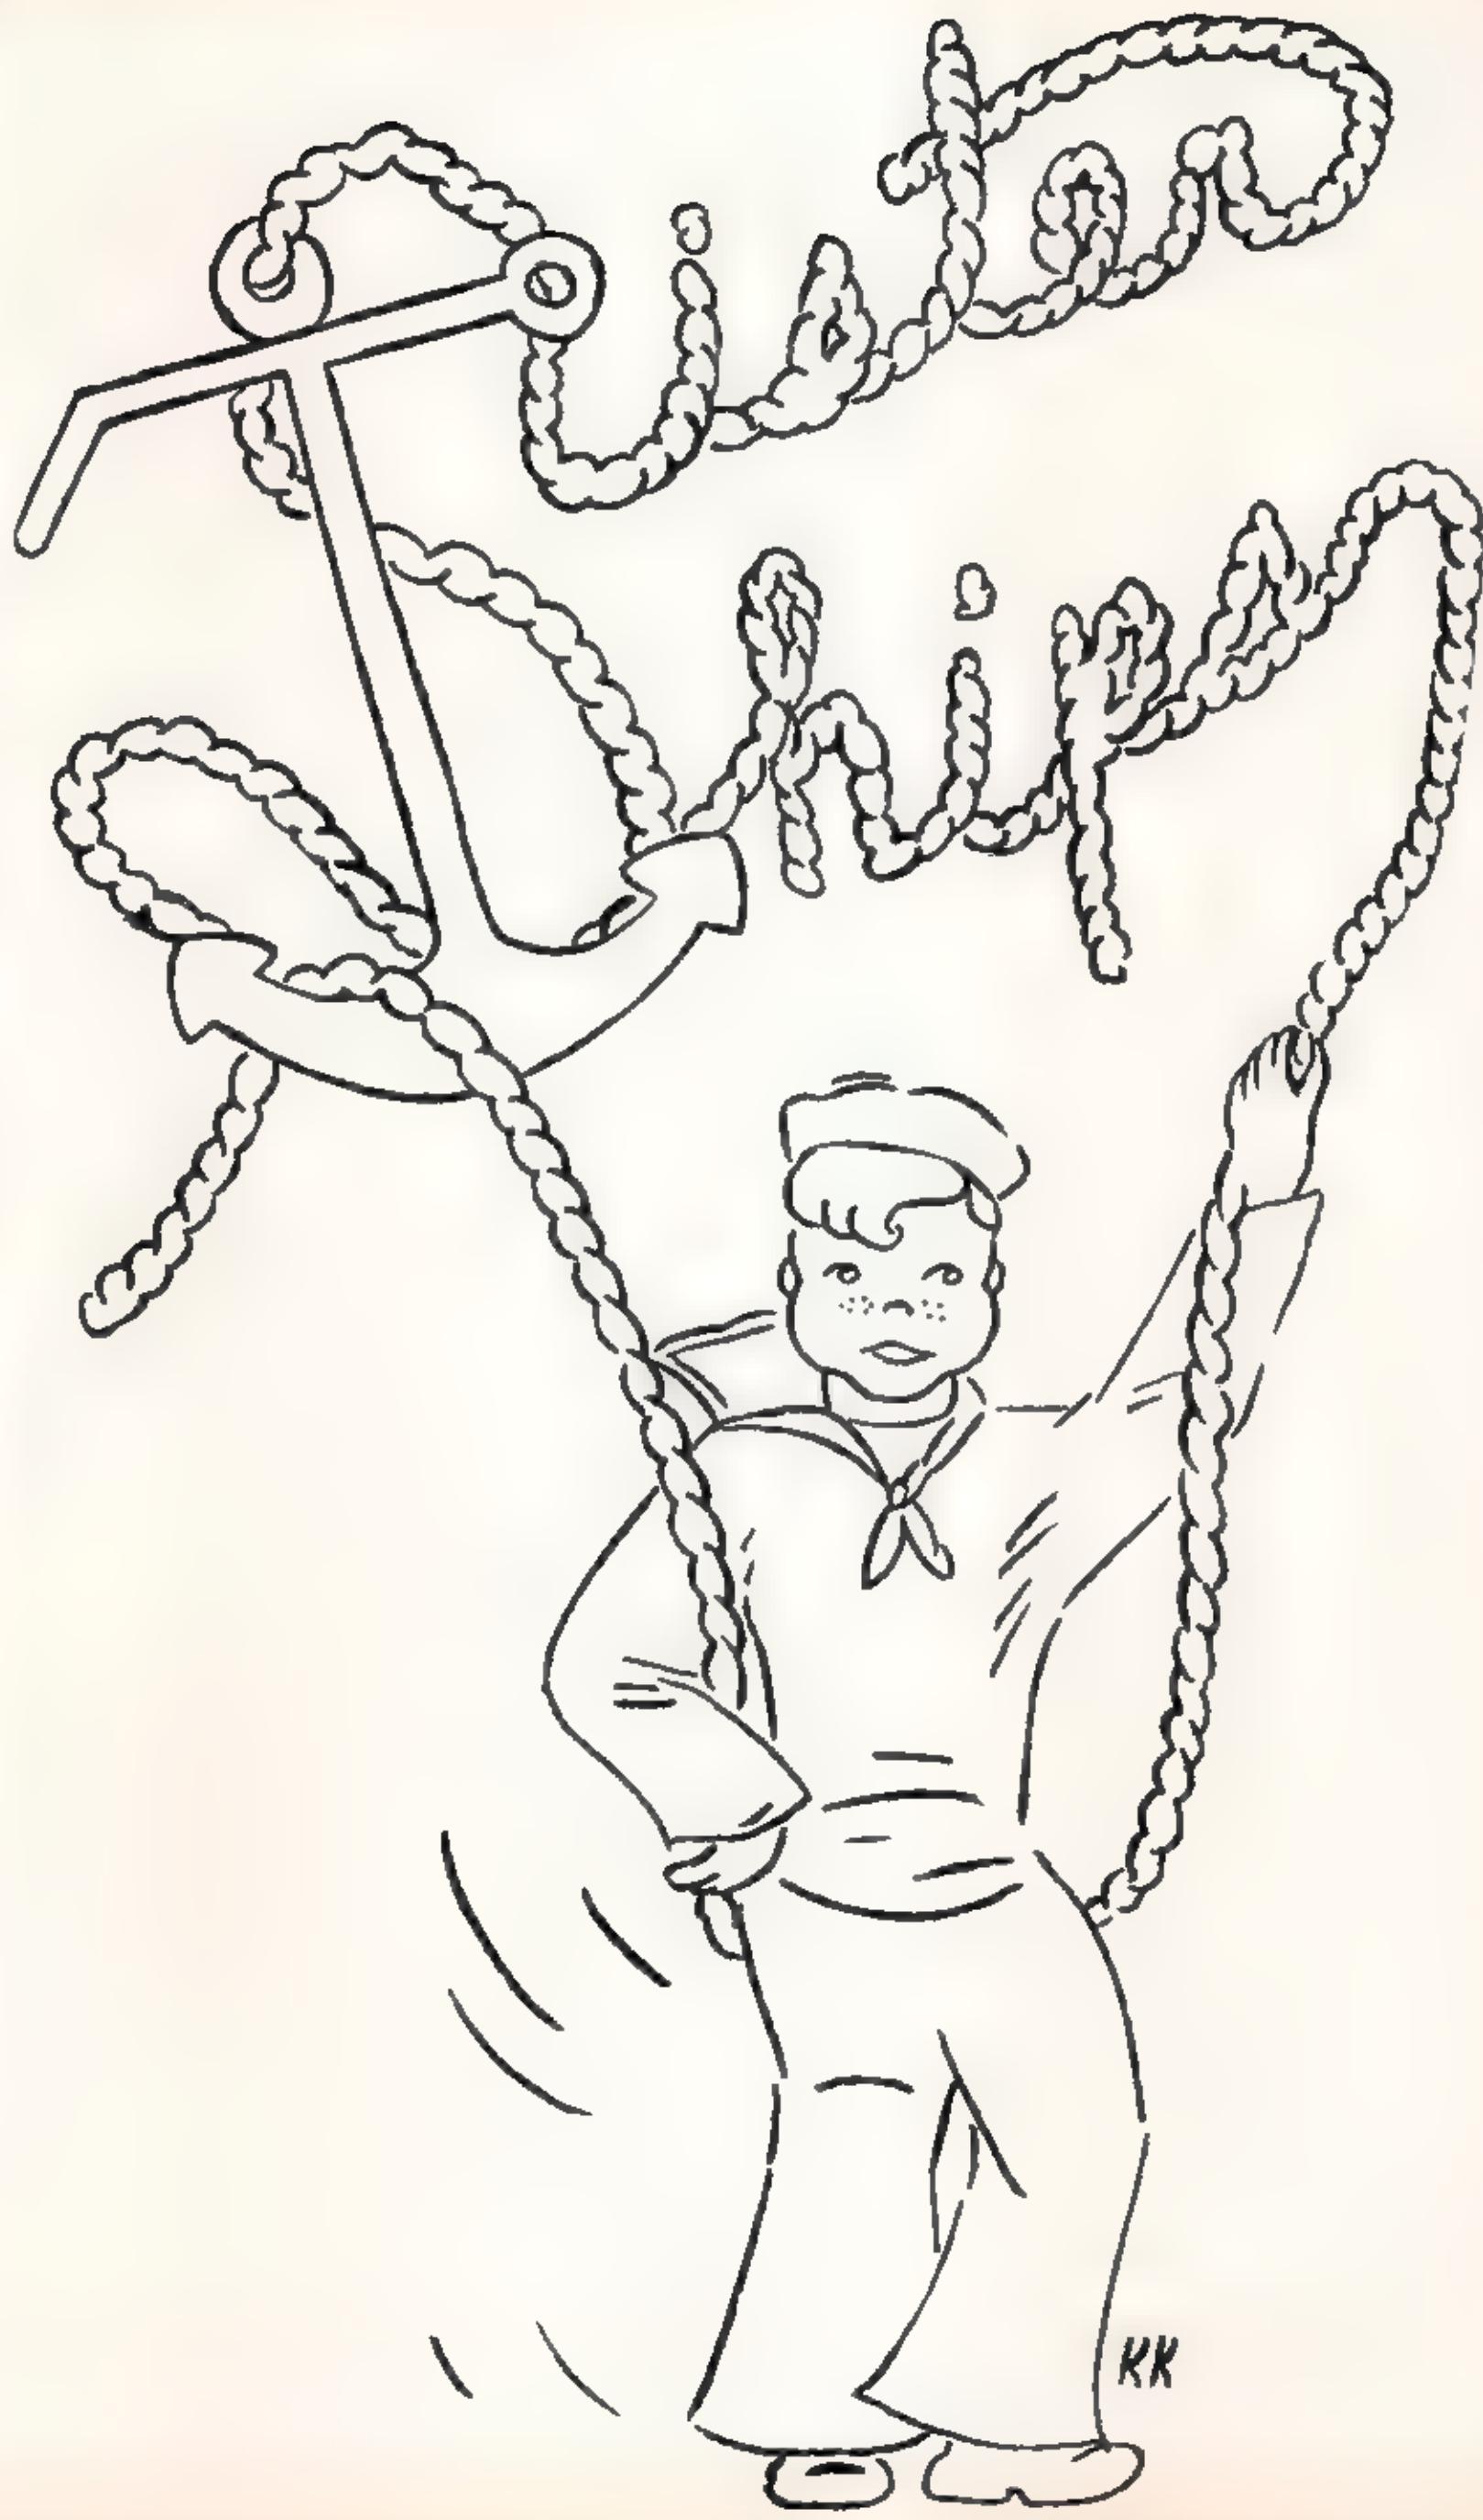

We, of the Class of 1953, desire to pay tribute to those schools which laid a true, straight keel for our voyage through S. H. S. From stem to stern they laid the solid foundations that we might properly share in the building of a better Souderton High School.

## PILOTS OF THE SHIP

To capture not only the experiences of four years together but also the friendships and spirit of comradery which made us the class of 1953, and crowd these into the eighty-eight pages of one book seemed an impossible task when the *Unaliyi* staff first tackled it. Gradually, however, the fog lifted and they found themselves sailing toward this goal.

Many times during the year these pilots hit rough waters and found themselves caught in a dangerous eddy, but always someone grabbed the helm in

time and soon the craft was sailing gaily along once more. All the members of the crew worked diligently, but now that the anchor is lowered and the cruise ended, they realize that much of the credit belongs to three faculty members who advised them skillfully. First, to Miss Weinert who spent countless hours working with the staff and molding the book into its present shape, then to Miss Gerhart who so efficiently took care of all the business worries, last, but not least, to Mr. Boorse, whose Navy lingo may be detected throughout this book, we owe our thanks.

## SHORE PATROL

Student Council proved to be extremely active this year. Under the capable supervision of Mr. Maxwell, the Shore Patrol kept our craft running smoothly.

Supporting refugee Terrance Hayward was one of the main projects of the year. Conducting the March of Dimes campaign, Junior Red Cross Drive,

and collecting pencil stubs for the boys in veteran's hospitals were some of the other activities on the agenda. The "Get Acquainted" and Thanksgiving Dances were also projects of the Council as well as the election of a "Citizen of the Week." The hall and cafeteria monitor system was run by Council members too.

## U. S. O. CORPS

To present programs of interest to all the students is really quite a task. The Senior Assembly programs attempt to do this, and still be informative and worth while. Variety programs score the best results, but a fluent quiz program or even a program of speeches is often enjoyed with equal enthusiasm.

Miss Felty in her second year as faculty advisor has done much to improve the programs each time. The smooth sailing can also be accredited to the officers pictured above. Their job was one of responsibility which was carried through to the end.

# COMMUNICATIONS

Our craft has an extremely adept communication system along the news line in both a weekly publication and a seasonal magazine. The Arrowhead staff under the able direction of Mrs. Arlene Kleist writes the news each week that appears in the Souderton Independent, our local newspaper. To keep the latest news of our school before the public is the ultimate goal of the "Arrowhead" Staff.

The Indian Echo, our school magazine, is issued three times yearly. Mr. Charles V. Bold and his fine staff of workers edit this publication. Miss Charlotte Treichler and Mr. Clarence T. Gazdick handle the art and printing work very capably.

All communications on board are the latest and the best. For this job so well done, we say, "Many thanks, Mates."

## CELLULOID GOBS

"Lights down, strike the arc, check your sound," are familiar words used by the fellows in the Audio-Visual Club on the day of a big feature, but the showing of these movies, although it is the main function of the club, is just one of its many activities. During the last two years, thanks to a larger and better equipped club, these fellows under the expert supervision of Mr. Miller have done more toward Audio-Visual education and Audio-Visual entertainment in our school than anyone prior to this time.

With the acquisition of two Ampro Stylists and many film catalogs, classroom movies have been stepped up to a place where films can be obtained and shown on almost any subject. This is a great help to both teachers and students in regular class work. Each year also brings to the Audio-Visual Club's film files new films which are donated by local business firms interested in furthering education. An increasing number of newsreels have been sent to

our school and shown through the courtesy of the Philadelphia Inquirer. Again, too, because of the fine cooperation of the student body in the magazine drive, we were privileged to see eight top-flight feature films.

The school's Audio-Visual aids program doesn't stop when the movies end, but continues into such activities as the announcing of football and basketball games and the lighting for dances, plays, basketball half-time shows, and lyceum numbers.

The members in the club number twenty-three but over half of these are in the lower grades which means many experienced operators in years to come. Donovan Kinsey, Ralph Moyer, and David Dorn are the only seniors, and they, because of their experience, have taken over the more difficult activities.

Mr. Miller and the Audio-Visual Club have done a bang-up job this year.

## MERMAIDS WHO LEFT THE SEA

Galley yarn moves mighty fast on this vessel, especially when it's about something as pretty and nice as our usherettes! The corps of lovely lassies which has served so faithfully throughout the year was again chosen by a faculty committee headed by Mr. Gazdick.

Sherry Shearer and Doris Alderfer served as co-captains over the attractive "mermaids" who proved to be sight enough to turn any wondering sailor's head. Many a mate envies Mr. Gazdick for his seemingly pleasant job of instructing the girls and keeping them ready for action at all times. Hats off to him and the girls for such efficient service.

## OUR "NAVY" BAND

As the boatswain's whistle calls all sailors to attention so the head majorette's whistle called the S. H. S. Band to attention as flanked by the majorettes and color guard, they marched on the football field this season to help lead the team on to victory. The seventy-five members of the Band met daily with Mr. Foulke and worked diligently to present a Christmas program while at the same time they were improving their football routine. Again in basketball season they had to combine working on the Spring Concert with practicing the half-time shows for the basketball games. At these games, under the lighted baton of Mr. Foulke, they went through their precision performances which thrilled many spectators.

The S. H. S. Band had thirteen members in the All Bux-Mont Band which is comprised of representatives from all the schools in the Bux-Mont League, and one member, Jean Ann Hunsberger, was chosen to represent Souderton in the Southeastern District Band Festival at Doylestown and the Eastern State Band Festival at Sayre, Pennsylvania.

No assembly program would have been complete without the familiar band music greeting the students as they entered the auditorium, nor would the pep rallies have had as lively an air had the Band not been there to provide the music for the school songs. Without a doubt, Mr. Foulke has again produced a good band, and his work is fully appreciated.

## THE LURE OF THE LORELEI

S. H. S. fashions—1952-'53 style—long flowing ankle-length gowns with wide sleeves, bright red in color, with a small white collar. You guessed it! We're talking about the new chorus gowns which set the whole school agog just before Christmas.

Could it have been rumors of such glories to come or was it the more tangible attraction of the pretty, new music teacher which lured more than one hundred

MISS AILENE NASE

students to try-out for the chorus this fall? Unfortunately, limited seating space forced Miss Nase to cut the group to sixty-five. Even then they had to sit two to a seat.

Excellent training plus diligent practice developed this group into one of the finest choruses S. H. S. has ever produced. Two of the highlights of the year were the annual Christmas program, pictured here, and the Spring Concert presented on April 11. Both of these programs were presented in conjunction with the band.

One of their most effective numbers was the "Hallelujah Chorus" which they sang with great feeling and beauty.

Besides these annual concerts and appearances on our assembly programs the chorus presented an exchange program with Hatfield High School. A satellite of the chorus known as the Treblelettes were an added attraction for the Hatfield program. An all-girl group, numbering approximately sixteen, the Treblelettes have become popular as entertainers for out-of-school functions since Miss Nase originated the group this year.

The Senior Boys Quartet also had a very successful season. Not only were they in great demand on our own assembly programs but they were also invited to sing at a number of local dinners.

Souderton High School was very proud that five members of the chorus—Richard Badman, Brooke Moyer, Harry Wood, Phyllis Kulp and Romaine Clemens—were selected to sing in the Southeastern District Chorus.

The culmination of this year's success will come on June 4 when the chorus will sing for the Commencement Exercises.

A moment of suspense as Alec knocks Mrs. Kendall over with his new bicycle; Jake, Matt, Mrs. Stevens, Andy and Dell look on.

Dell's affinity for standing like a pelican on one leg proves to be more difficult than imagined by Jake as he pushes Julie, Dell, and Matt to the ground in his effort to imitate it.

Jealousy is running rampant as Andy knocks Dozer "out cold." Selma, Mrs. Stevens, Julie, Mr. Stevens, Alec and Sam stare in amazement.

Mr. Collins and Betty seem to be having a hard time wrapped in blankets, due to the misfortune of "accidentally" falling in a birdbath. They are puzzled by the fact that Dell and Matt are guarding the box with such great care.

## CREW OF THE MIGHTY MO

Football camp, snake dance, bonfire, pep rallies, 53-6 victory over Lansdale, record-breaking crowds —these were the highlights of an outstanding football season at S. H. S. in '52.

Following the squad's return from West Nottingham Academy, Maryland, the season began with practice games. Pennsbury took the first setback as the locals won 6-0. Highly favored Salesianum was next in line for defeat when Souderton traveled to Wil-

mington, Delaware to upset the favorites by a 13-0 score.

After this pre-season success Souderton encountered Hatboro in the initial game, only to suffer their first loss by a score of 20-6. S. H. S. retaliated in the following contest by annihilating Lansdale 53-6. In one of the year's most thrilling games Souderton succumbed to the fine play of Quakertown 20-18. Victory was in the wind for Coach Meyer's team as

Upper Moreland and Selt-Perk were defeated by scores of 14-7 and 47-6, respectively. Central Bucks then upset S. H. S. 14-0 in a game which surprised many football fans.

Steady rainfall and a muddy field greeted the Big Red at Springfield, but failed to disturb the

Indians as Springfield found itself on the short end of a 14-7 score. The finale of the season was a Thanksgiving Day encounter with undefeated Ambler. S. H. S. suffered its worst setback—a 33-7 loss.

The boys whose pictures follow, were awarded the hard-earned "S" for their participation.

## BARNACLES

While the Junior High eleven failed to post any victories this season, the campaign, nevertheless, was a thrilling one in many respects.

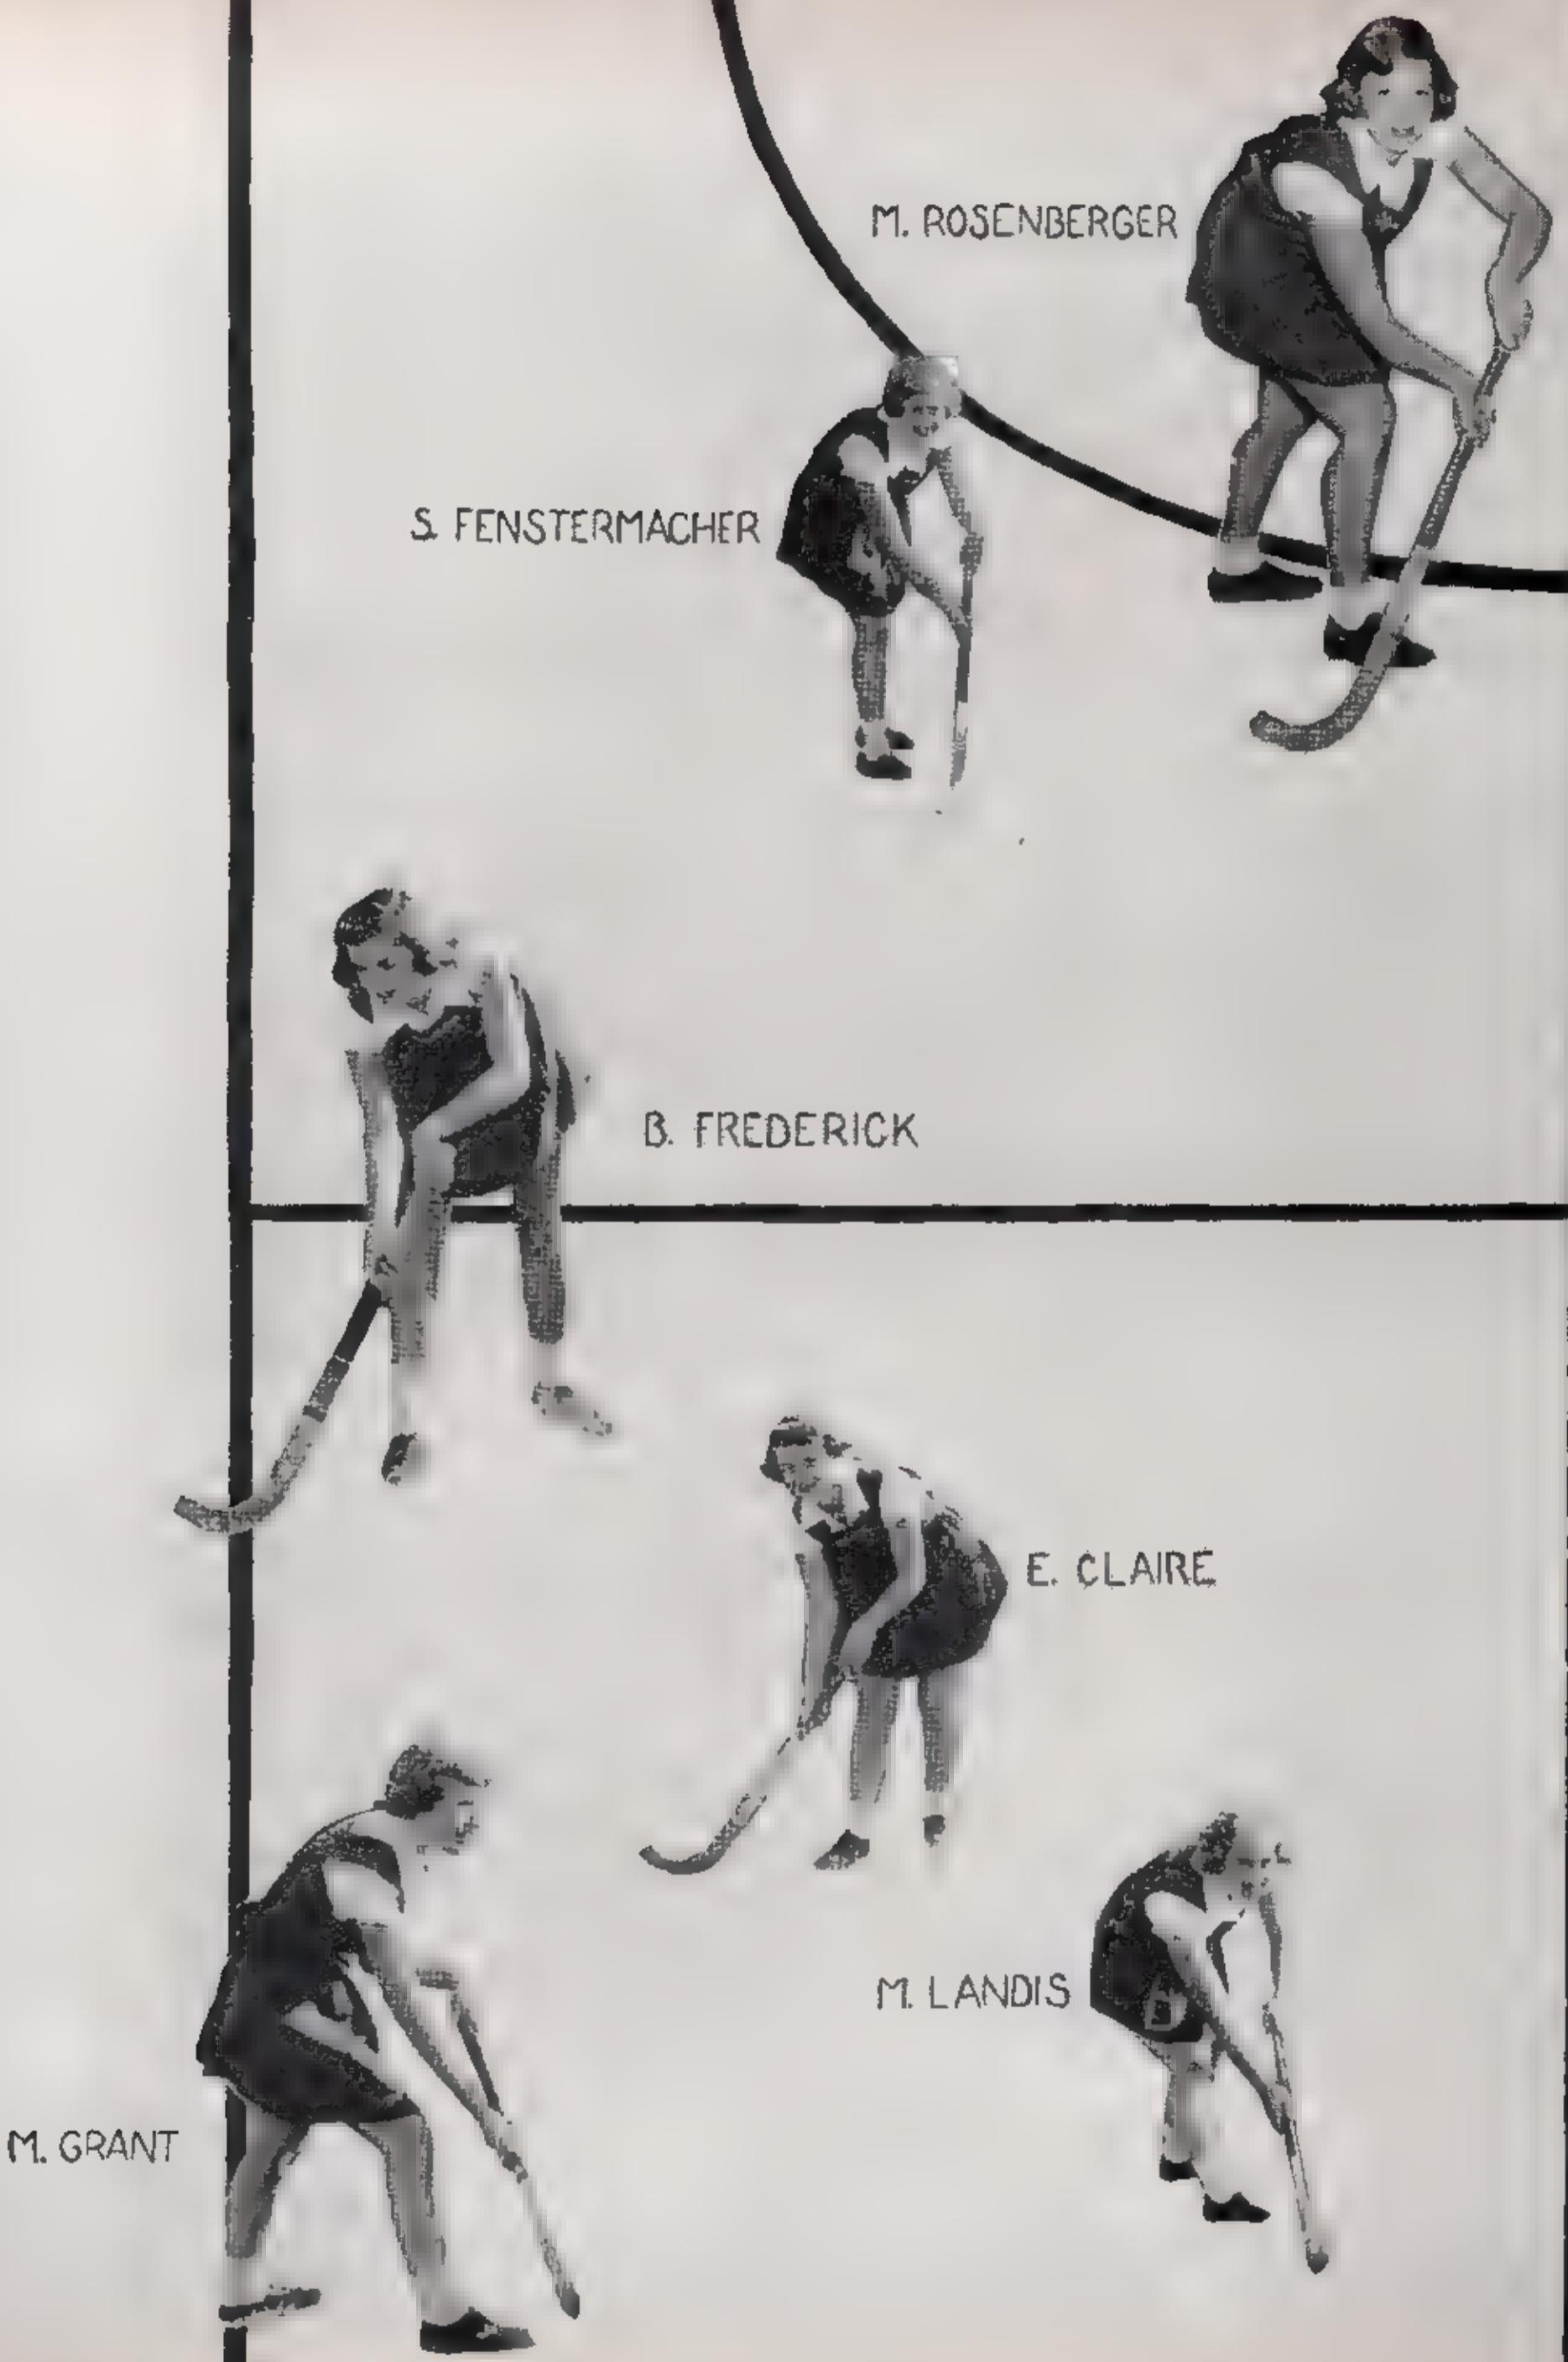

The opening game with Lansdale ended in a scoreless tie—the only game in which the Junior Indians were not defeated. Opposition in the league proved too strong this year; consequently, Coach Maza's boys dropped five successive clashes to Quakertown,

Central Bucks, Lansdale, Quakertown, and Sell-Perk.

Although the scores were not too promising, the entire story cannot be told in any score, so with a little luck and some seasoned veterans next year, the Junior High squad will face the next season with a better outlook.

## POLLYWOGS

Another successful season was filed away in the S. H. S. athletic annals as the Red and White came through with a 1952 championship hockey team. Winning four, while losing only one, the champions showed remarkable team play and spirit throughout the entire season, which enabled them to capture the crown.

Quakertown, in the initial encounter, succumbed to the locals by a 2-1 score, while the Red and White found itself on the short end of a 1-0 score as it met Upper Moreland in the second game. The following

weeks, regaining its previous form, S. H. S. annihilated Central Bucks 4-1, then wound up the campaign by defeating Sell-Perk and Lansdale by identical 2-0 scores. Ironically, the lone defeat came at the hands of the team which placed last in the Bux-Mont standings.

At the completion of the regularly scheduled games the hockey team met stiff opposition as it encountered the powerful S. H. S. football squad and was forced to concede to a 1-1 tie.

## SEA NYMPHS

Second place was the position held by the girls' basketball team this year as the Indians achieved an overall record of four victories, three losses, and one tie.

Captained this season by Barbara Frederick, the team won the initial encounter with Lansdale, 43-32. Upper Moreland upset the Red and White; however, Souderton regained its winning form as Quakertown and Sell-Perk became victims of the Big Red. Lansdale retaliated as the second half of the season began, winning over S. H. S. Upper Moreland then defeated the Indians again, to become the only team this season, which handed the locals two setbacks. Sell-Perk and Souderton played on even terms, a 30-30

score being the outcome. Meeting Quakertown on the home court in the final league game, the S. H. S. sextet emerged victorious to obtain undisputed possession of second place.

Barbara Frederick was then elected most valuable player and the basketballs and equipment were stored away as another successful season came to an end.

Although victory was not the major ingredient of this year's basketball team, the season did have several pleasant outlooks, including the smashing defeat of Upper Moreland in the first half of the season and the thrilling victory over Quakertown in the final game.

Coach Eisenhart's team dropped the opening encounter with Hatboro; however, victory was in the air as Springfield was defeated. Sell-Perk succeeded in downing the Indians followed by a Souderton victory over Ambler and the third setback of the

season—this time Central Bucks doing the damage in over-time play. After victories over Lansdale and Upper Moreland, S. H. S. lapsed into a long period of defeat as Quakertown, Hatboro, Springfield, Sell-Perk, Ambler and Central Bucks triumphed at the Indians' expense. The losing streak was snapped as Souderton won over Lansdale, but Upper Moreland, seeking revenge for the earlier loss inflicted by the locals, handed the Big Red the final setback of the season. A clash with Quakertown to wind up the court activities found Souderton emerging as the victor and spoiling the Quakers' chances for the title.

The season while unsuccessful from the standpoint of victories was one of the most thrilling Souderton has had—each game being close and generally won or lost in the final minutes of the encounter.

The junior varsity met with better luck this year as the win-loss columns were equal, each containing seven games. With the fine players of the junior varsity and the returning lettermen, Coach Eisenhart is looking forward to a great season next year.

## FROGMEN

Despite the six losses suffered by the Junior High team on the court this year, the mighty men of Coach Maza displayed fine form and team play throughout the season.

The Indians opened the campaign with losses to Lansdale and Central Bucks, but got on the winning side in the following pair of games by defeating Hilltown and Quakertown. The team then became victims of Sell-Perk, Lansdale, and Central Bucks;

however, victory was again forthcoming as the Red and White won over Hilltown and Quakertown. Sell-Perk downed Souderton to round out the season as S. H. S. achieved an overall record of four victories against six losses.

Thus another season of Junior High basketball went into the books to be remembered by those who participated in making it a success.

## CINDER SALTS

Winter track meets, constant practice and a growing interest in this sport is now bringing track into the limelight at Souderton. Having achieved much success in the pre-season meets held in Philadelphia, S. H. S. is now anxiously waiting to challenge the league opponents—Quakertown having already been beaten.

A larger crew and more interested participants

are representative of the Indian track team this year. Coach Patton is eagerly looking forward to the expected rise of Souderton in track meets this season.

The newcomers and returning lettermen, Bruce Fenstermacher, Tony Drabnis, and Brooks Moyer, are all hoping to set new records and boost Souder-ton's previous standing.

## OPERATION SWAT

Baseball, the sport for which Souderton is famous, is here at last and Souderton is once more preparing to take top Bux-Mont honors. Determination, team-play, expert coaching, and several veterans all point to a favorable outcome for the '53 season.

Ferrill Alderfer, Jim Bergey, Marlan Loux, and Bob Famous constitute the returning lettermen; however,

many excellent first-year players will comprise the remainder of the team.

Although, Coach Smoot has made no predictions as yet, like everyone else, he is anxiously awaiting another successful campaign. A 3-0 score, as the Smoot-men overpowered Upper Moreland in the first league game, seems to indicate this will be accomplished.

## SANDPIPER

With seventy contenders striving for first team positions on the soft-ball squad this season Coach White's outlook is a favorable one. Two consecutive championships and five returning lettermen are by

no means small factors which are contributing to this optimistic outlook.

Although no actual clashes have yet taken place, the squad is shaping up into what will probably be another top S. H. S. team.

The returning lettermen this year are pictured below: Edna Barndt, Merlie Hunsicker, Margie Koffel, Kathleen Kramer, and Joan Tyson. Under the expert guidance of these veterans and Coach White the softball team will undoubtedly compile another impressive record.

## HIGH FINANCE

The twenty-one members of the Sales Class were kept quite busy this year. Under the direction of Miss Hoult they completed two very successful campaigns. The group's first undertaking was the Booster campaign. The Souderton High student body went all out for Boosters and the returns were the largest ever at S. H. S. The class handled the large influx with few mishaps. In the pictures on the right you can see the class in action.

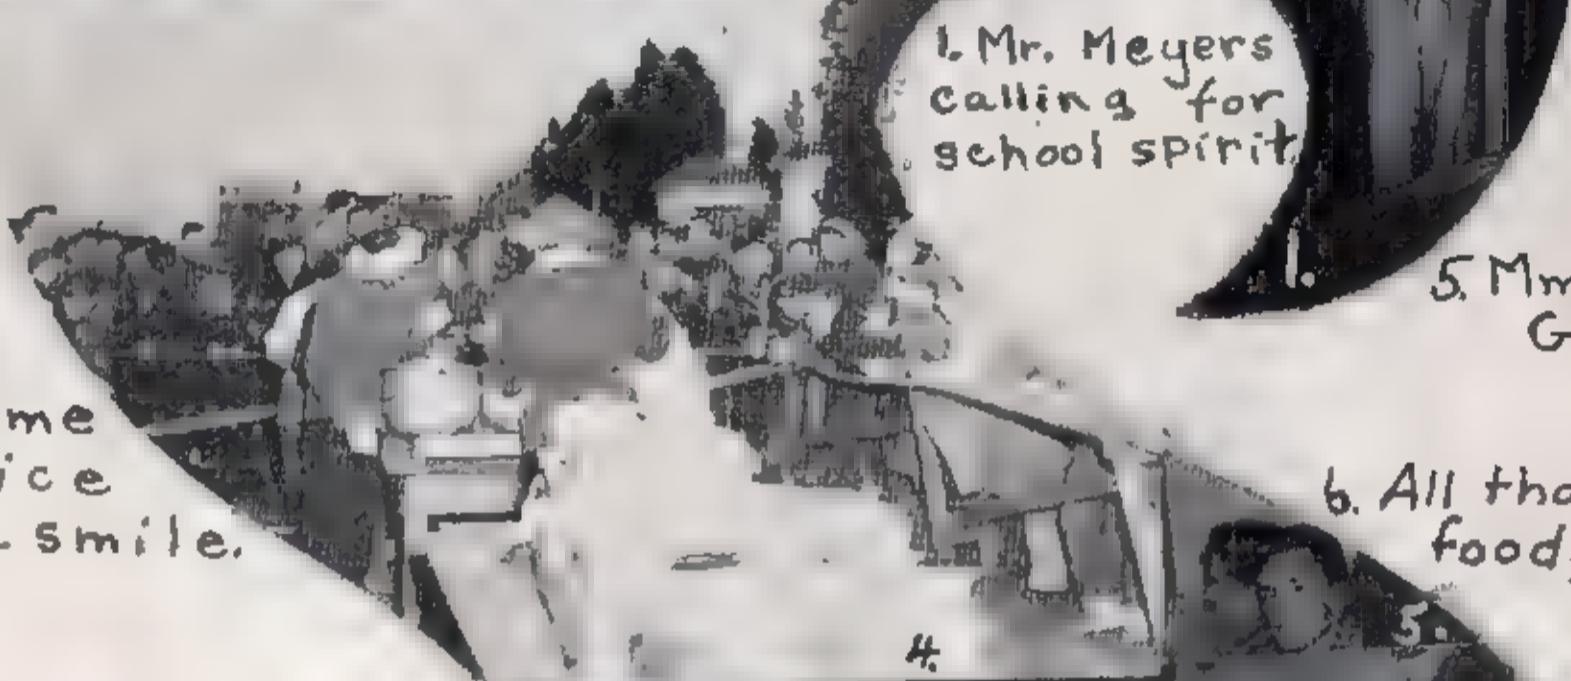

The second undertaking of the class was the Magazine Drive which presented different and more difficult problems for the class. They took things in stride and learned from their mistakes. Two hard working salesmen from the student body were awarded prizes. Doris Grubb received a trophy and watch, and Betty Miller won the mascot, a panda. Pictured below on the left are Doris and Betty on either side of the chairman of the drive, Francine Hess. When the tabulations were finally recorded the class found they had handled over \$7,000 in the most successful Magazine Drive in S. H. S. history that again put Souderton in first place for local competition. The experience and self-confidence obtained from this work should prove beneficial to the students in their future years.

## OPERATION PAINT BRUSH

These beautiful Pennsylvania Dutch murals are now proudly adorning our cafeteria walls.

Two boys, who unfortunately are not in the picture, deserve much of the credit for this project. Ray Landis, a junior, designed the major portion of it. Linford Hallman spent countless hours patiently hovering over the designs with a paint brush in his steady hand.

The other two members of this four-man crew, Donovan Kinsey and Russell Umstead, are pictured above. Working together, they have changed our cafeteria into an attractive art exhibit portraying our noble Pennsylvania Dutch heritage.

1952-'53 was a year of smooth sailing and sudden storms. Football season kept us on top of the waves this fall. Number 1 shows Emma and Margie, two of our cheerleaders, as they approach the field before one of the games.

Basketball almost engulfed us as we lost some of our most important games. Pictured above are shots from two of the games we won. The boys playing Lansdale and the girls, Hilltown.

The Senior Play was of course the big spring event—pictured on page 62 and 63. Some of our girls, however, found that ushering was as much fun as acting. Number 4 shows T. Nyce, L. Hoff, L. Masten, and J. Rettdstadt.

And in between we attended classes or held endless discussions.

## CRUISING

Do you have your registration slip? This was the typical question asked S. H. S. students as they came to vote in the school's November elections. After the slips were checked, the students were permitted to enter the secret voting booths. This practice gave the pupils an excellent chance to observe how an election is run.

Remember back in the fall when the student body assembled together in the auditorium for a pep rally? The cheerleaders on the stage tried their best to keep the students cheering louder and louder.

The Juniata tests presented a more serious side of the school's curriculum. Many academic students took a college test for the first time. The participants worked feverishly to complete each set of questions before Mr. Brumbaugh called time.

To make the election more realistic, nominating speeches were presented in assembly. Both Presidential and Vice-Presidential candidates were given. Here we see Brooke Moyer speaking about the excellent qualifications of his particular candidate. Having heard the speeches in behalf of all the candidates, the students were able to vote more intelligently.

CLASS SONG

MUSIC  
by  
SARAJANE ALDERFER

The musical score consists of two systems of four staves each. The top system starts with a treble clef, a key signature of one flat, and a 2/4 time signature. The bottom system starts with a bass clef, a key signature of one flat, and a 2/4 time signature. The music includes various note values (eighth and sixteenth notes), rests, and dynamic markings like 'pp' (pianissimo) and 'p' (piano). The lyrics are integrated into the music, appearing below the staff lines.

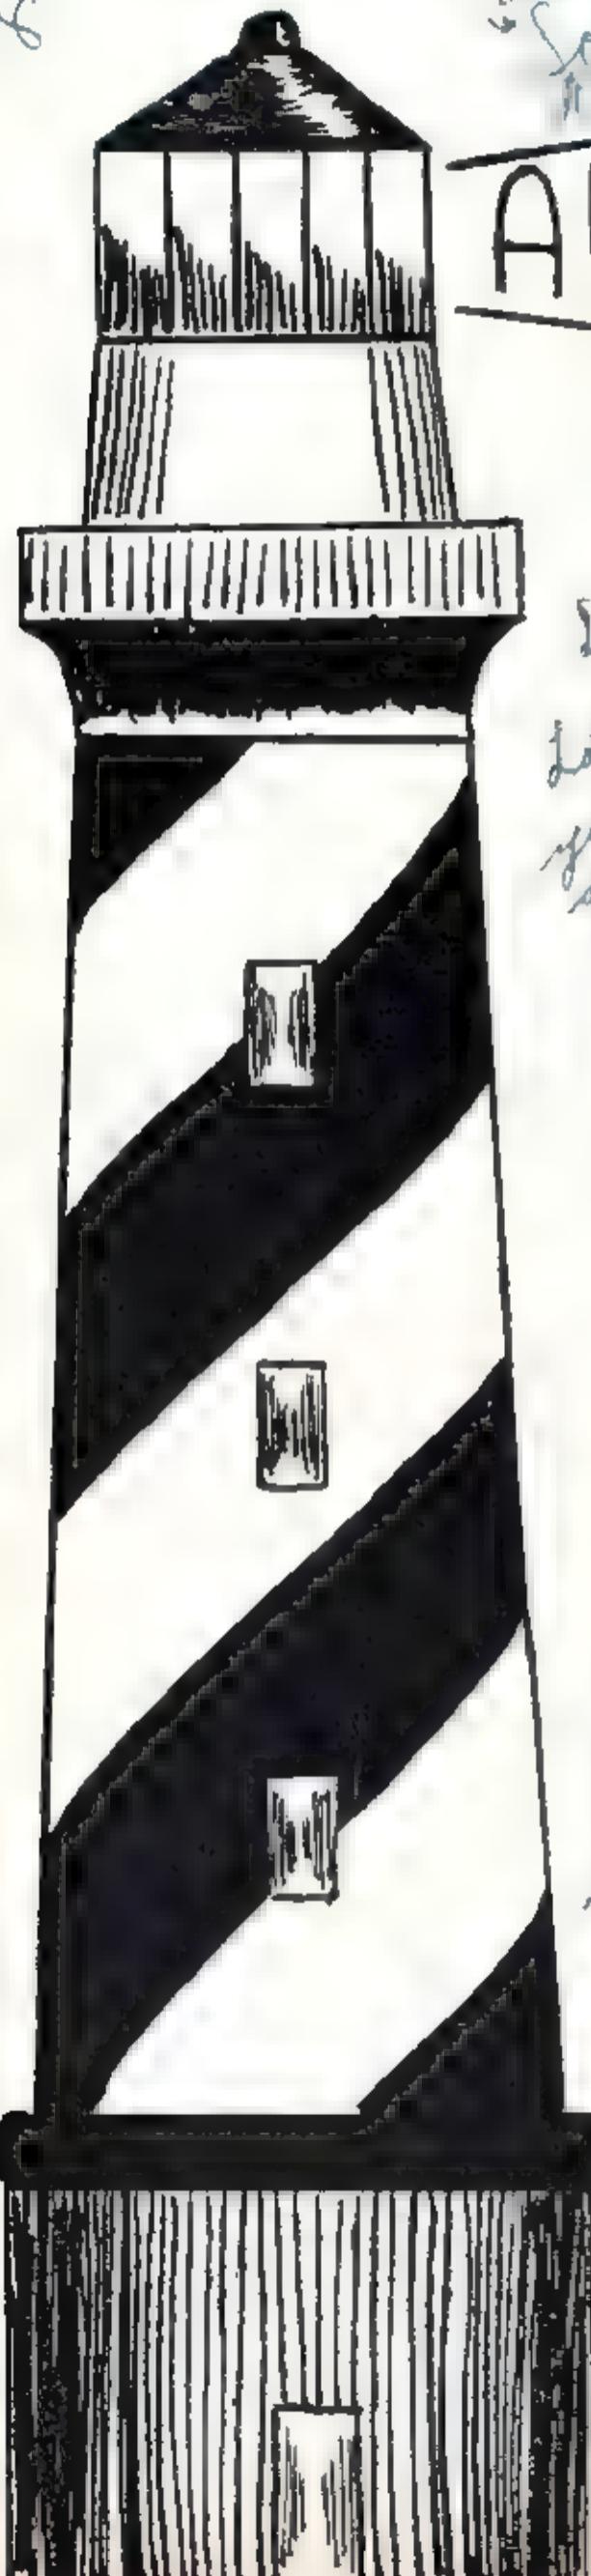

Alma Mater we salute thee,  
Hail to thee and to these hallowed halls.  
Recollections crowd upon us  
As we leave these portals strong.  
Happy days with all our friends,  
Classmates, and all teachers.  
Alma Mater we salute thee,  
Hail to thee and now to thee farewell.

Now the day to leave has come,  
We must say good-bye to all our friends.  
We must leave to face the world,  
But we'll ne'er forget our school,  
We'll miss you and we'll feel sad  
To leave all our joy.  
We will ne'er forget this day  
As we sing our graduation song.

Don't forget  
all the fun we had  
in your class.

Best wishes  
for pretty good  
soccer stat's
